PROGRAM DESCRIPTION

This engaging presentation about the history of the world as seen through the eyes of a juggler. It is always a pleasure to see students engage in the playfulness of juggling and then discover it can teach them so many useful life lessons.

Students receive a fun and interactive performance highlighting some of the major developments in human civilization from the time of the Egyptians. This broad brush approach to world history is told from the perspective of Juggling. Major topics include the development of written language, world trade, system of government, the industrial revolution, and the rise of technology.
